FEATURED PROJECTS

PIXEL HOST

pixelhost.com

PixelHost is a testament to advanced web development, employing Next.js, TypeScript, Tailwind CSS, and Shadcn UI. This UI-focused platform offers a vivid mock-up of hosting services, embodying innovation and modern design.

DIPPS BEAUTIFYERS

www.homelanderbnb.netlify.app

Crafted with React.js, Tailwind CSS, and Framer Motion, Dipps Beautifiers stands as an elegant makeup service booking website tailored for a small business.

MCU MOVIE LIBRARY

<https://marvelcinematicuniversedatabase.netlify.app/>

Powered by React.js, the MCU Movie Library is a comprehensive showcase of all Marvel Cinematic Universe films. It seamlessly offers precise details including release dates, plot summaries, and more. The site boasts search and filtering functionalities for effortless exploration, all within a responsive and visually captivating user interface.
